LAKE MICHIGAN PERCH FISHING

Bag limits are liberal & 14" fish are common.
This is a great trip, mornings or afternoon.
The best tasting fish you will ever eat!

WHO CAN GO

I welcome all experience levels but some trips may be inappropriate for young children.

Larger groups can be accommodated by arranging additional guides and boats. Visit my web site or call me for more details.

WHAT SHOULD YOU BRING

I fish most weather conditions except when hazardous. You should wear appropriate clothing for the season: hat, sunglasses, sunscreen, rain gear and camera.

You will need a license for where we fish. I provide all necessary fishing equipment and bait. (Extra charge for chubs/suckers)
